

WashPod

A Solution by Dignity Access

CHANGING PLACES

WashPod has the Cost-Effective, Versatile & Immediate Answer

WashPod is an accessible, modular wet-room solution with a proven track record in the disability market. It has now been specially developed to meet the Changing Places specifications for accessible and fully equipped toilet and washing facilities. The units can be installed internally in an existing space or externally as a 'bolt-on' or stand-alone extension.

WashPod provides the swift, cost effective and versatile answer with the specific advantages of:

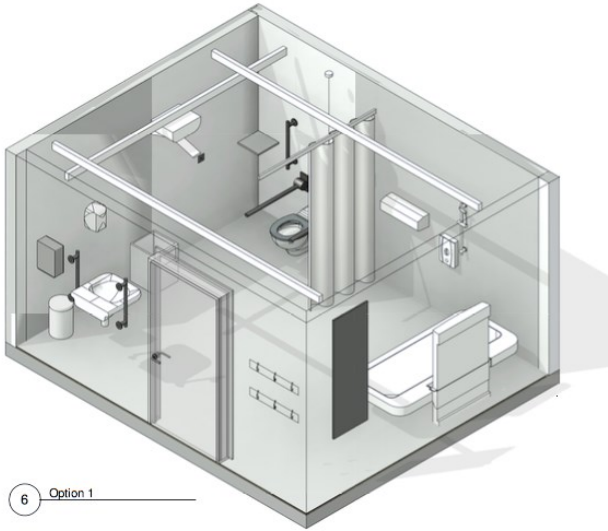

- ◆ offering a two options for erection: firstly, a pre-constructed model that is bought to site, off-loaded and connected in a day, or a sectional option that can be carried through buildings and doors and erected in areas that cranes cannot access or when crange is too expensive
- ◆ being a self sufficient, plug 'n play unit so minimum disruption to existing building infrastructure or services. Only needs a cold water tap
- ◆ enjoying the benefits of being modular/sectional including being easily moved should changing business requirements need
- ◆ being tried and tested as we have a proven, track record of installations
- ◆ being the most cost-effective solution on the market
- ◆ meeting building regulations
- ◆ being delivered within 4 weeks from order and erected within a week
- ◆ being erected on an existing car parking area or hardstanding. Alternatively, lightweight foundations can be supplied and installed within the same time frame.
- ◆ being fitted internally or externally in a variety of finishes as required to suit a corporate or existing vernacular.
